As we transition from After School to Summer programming, our youth will continue playing in the soil and watching their garden grow. Thank you to Maggie for leading this effort.

---

We have filled all 60 slots for our Summer Enrichment Program, that starts June 13th! However, we are still recruiting volunteers for our **Read to Lead** activities each morning! Volunteers are needed in 30-60 minutes shifts - bring your favorite books or choose one from our library and talk with the students about how you're a civic leader in the community!
